

Get to know our innovations.

Together with sector growth, the demand for specific solutions is also increasing..

- Our range of reducer couplers has been considerably expanded.
- A large number of 125 mm T-pieces are now available. Almost every imaginable combination is possible upon simple request.
- T-pieces with female threads ensure even more flexibility!

In striving for a growing range of fittings for district heating (SDR11), our selection has again been significantly expanded.

Shipment within 24 hrs
